The Social Challenges Innovation Platform project has received funding from the European Union’s Horizon 2020 Research and Innovation programme under the Grant Agreement number 734906.

SocialChallenges.eu is the European go-to-platform for social innovation. An online ecosystem where social innovators and SMEs meet, co-develop and take up sustainable and marketable solutions with a clear social impact.

Get in touch and join our community of change makers interested in unlocking the change.

For a total value of €430,000:
- Selection of 27 challenges to address and marketable solutions focused on the transition to a circular economy
- Support providers in order to discover and test circular solutions to these challenges
- Encourage broad participation of social innovators, startups and SMEs (solution providers)
- Engage European entrepreneurs with innovative solutions to tackle social needs
- Support European stakeholders from the public, private and third sector (challenge owners) in defining and prioritising social and societal challenges
- Provide grants and dedicated support, focused on the translation of 27 challenges into 81 practical and marketable solutions for a total value of €2.430.000

SocialChallenges.eu is more than a platform. Together with our 20 "nodes" located across Europe, we:
- Support European stakeholders from the public, private and third sector (challenge owners) in defining and prioritising social and societal challenges
- Encourage broad participation of social innovators, startups and SMEs (solution providers)
- Engage European entrepreneurs with innovative solutions to tackle social needs
- Support European stakeholders from the public, private and third sector (challenge owners) in defining and prioritising social and societal challenges
- Provide grants and dedicated support, focused on the translation of a selection of 27 challenges into 81 practical and marketable solutions for a total value of €2.430.000

GET ON BOARD
SocialChallenges.eu is the house for:
- Committed challenge owners willing to pilot and test proposed solutions
- European entrepreneurs with innovative solutions able to meet social needs
- Strategic partners willing to support and engage with our community
